

GENERAL PRACTICE NURSING FELLOWSHIP OFFER—Info for GPN's

Who is the course for?

The Greater Manchester Training Hub invites NMC registered nurses who are newly qualified within the last 12 months holding a salaried role within general practice.

It is a programme of support for nurses to take up substantive roles, understand the context they are working in, become embedded in the PCN, and retain practice nurses for the primary care workforce.

What does the course cover?

2 year structured programme with reimbursement to practice for 1x session per week.

| YEAR 1 | YEAR 2 |
|--|---|
| Phase 1: Transition into general practice, allocation of GPN supervisor, introduction to peer networks | Phase 1: Peer support, supervision & coaching. |
| Phase 2: Delivery of fundamentals through access to GPN foundation course (see separate flyer) | Phase 2: Learning & Development inclusive of Quality improvement, practice management skills & remote consultation. |
| Phase 3: Personalised PDP and intro to PCN | Phase 3: PCN Portfolio working |
